

## ▼ SHERRY BRONFMAN

For longtime philanthropist Sherry Bronfman, giving back is a way of life instilled since childhood. The former actress and ex-wife of Warner Music Group Corporation CEO Edgar Bronfman Jr. has dedicated her life to the fine arts—she's chaired numerous benefits for the Friends of Education at the Museum of Modern Art and volunteers with the Schomburg, The Louis Armstrong Foundation, and The Temple of Understanding, an organization that brings people from different religions together.

—**Nelena Jackson**

*"I think the misconception is that black people do not participate in their own growth in their community. There are many of us who have done an enormous amount in the black community, and there are people who came before us, opening the doors."*
